

What is PMF?

The program is a **prestigious two-year fellowship at a Federal agency**. But it is much more than that...

Bearing the Presidential Seal, the Presidential Management Fellows (PMF) Program is the Federal Government's flagship leadership development program for advanced degree holders. It has gone through several changes over its more than 40-year history, but its essential mission remains the same: **To recruit top talent and develop a cadre of future government leaders**. The PMF Program creates a lasting bond among Fellows and Alumni, and instills a spirit of public service, ultimately encouraging and leading to a career in government.

"The cause of public service deserves a program like this one, and by bringing into our government young people with good skills, creativity, willing attitudes, and a commitment to serving the nation, it can continue to serve as a bright hope for the future."

—President Jimmy Carter, in his letter to OPM celebrating the 40th Anniversary of the program
